Our Board at Work

PPHS advances education with free public educational programs, use of historical photos, and an annual PaliHigh scholarship to a graduating senior interested in history. Historical information was presented on the ABC7 Neighborhood News TV program. We promoted and contributed to historical programs by organizations such as Marquez School and the Santa Monica Conservancy. Assistance continues to be given to those performing historical restoration projects. The second in our Lorraine Oshins Lecture Series was recently presented as a free community program. Maintaining, documenting, and preserving historical objects is ongoing. Individual Board members speak at local organizations, schools, and businesses and lead historical hikes.

President **Eric Dugdale** was on the Village Green last Sunday sharing our historic photos and bringing awareness to what PPHS is and what we do. **Welcome** to the new members who joined us last Sunday!

Each year the Historical Society awards a scholarship to a graduating PaliHigh senior interested in history.

Congratulations, Grace! President Eric Dugdale presents our annual scholarship award to this year's recipient, **Grace Dean**.
